Cross-culture understanding education

In order for foreign students to understand Japan, we have a program for cross-culture understanding education. We introduce Japanese society and culture, and offer the experiences of Japanese cultures such as tea ceremony, flower arrangement and calligraphy.

Events

We plan fun events where students from various countries can join together, such as cherry blossom party in spring, see bathing in summer, hiking in autumn and amusement park trip in winter. These are good opportunities to understand Japanese culture and mutual understanding of foreign students.
